Dear Miss Mistral,

It was indeed kind of you to have someone write me while you were in the hospital. I am writing now to express the hope that you have been home for a long time and have recuperated fully. My second hope is that you will be able to attend the WIL Congress in Guatemala in May.

It means so much to the Guatemalan women to have the recognition this Congress will bring them. If women like you can attend it will not only spur them on but the world organization. It may be that I shall be able to attend and receive inspiration from you Latin American
