PERSONAL

Mme. Gabriela Mistral,
Chilean Consul,
Los Angeles, Calif.

Dear Mme. Mistral:

We should like to offer you our congratulations on your recent appointment as Consul for Chile, in Los Angeles.

We wonder whether you are at the present time engaged in writing a book, or whether you have something completed. If so, we should be very happy to examine any manuscript you can send us, with a view to publishing. If, on the other hand, you have some projected idea in mind for a book, we should also be delighted to discuss it with you.

You may be interested to know that we have published such authors as Andre Maurcis, H. V. Kaltenborn, Douglas Miller, Louis Bromfield, Hohn Hersey, Wendell Willkie, and Lord Halifax, among many others. We should be very pleased to add your name to this distinguished group.

We look forward with interest to your reply. With all good wishes, we are,

Sincerely yours,

J. P. Didier

This is in answer to your letter of Apr 22, which I haven't answered before because I've been traveling, my poetry is all tied up with other publishers, but if you would be interested in a book of prose on South America - Brief biographies and descriptions of places - please write to my agent

Poesia comprometida para ir a las Americas. Un libro de prosa sobre S. Amer. con biografias cortas y descripciones de lugares con agente.
