

Rapallo 1st April 1954.

My dear Denis,

The day after I sent my letter, I received the notice that my ticket to New York had been paid. Surely it seems to me a dream to see you again in your vertical city.

I send my best thanks to Gabriela for the amount she has paid for me and please convey to her that I am greatly honoured and pleased to be near her again. I will try to recompense all what I have received from her with a very deep and affectionate love.

I have made my reservations on the boat and, very likely, I shall get a cabin on the s/s "Andrea Doria" which leaves on the 29th May; any way, as soon as I shall get this answer, I shall let you know if there are difficulties to leave on said date. I am very happy to see you again and talk with you of all what has happened during this last year.

I have seen that Tunesyalla is in the Hospital !!!! You cannot imagine how we were amused thinking how important the future mother will be with her kittens. Have you found the right persons to give them ? I think that will be very hard for Gabriela to give them away after seeing them.

I am very sorry you have been bitten during the fight and I hope this will not have serious consequences.

Dear Denis, do not fail to write me soon telling me if you or Gabriela wish something from Italy and I will be very pleased to take it. I shall try to do my best. Palma, when she knew I was coming over, asked me to buy for her some 'angora's' coats and now I am waiting for her reply to buy them. At any rate, I am at your complete disposal for anything you wish. Denis, I would like to know if Gabriela will be please I take with me my painting colours, so to be able to make something during my spare time.

Lately I have been working very much and now I am beginning a new portrait. Do you think it will be difficult for me to make portraits of children there ?

Good bye Denis. Much love for both you and Gabriela also from my family and with my affectionate thoughts for you.

G. De
